

Now I'll go away,
a Fm
Like you did every day.
G D
I shall find you there
a e
And bring back what I can.
Fm a

A dream will only stay
a Fm
When I again awake.
G D
But that is still much more
a e
Than all that I can hold.
Fm a

Help me from your side
a Fm
To break my foolish pride.
G D
I have broken my bow
a e
Cause you're my only goal.
Fm a

Our lips already met,
a Fm
By the lip of this carved stem.
G D
Your hand is in my hand,
a e
By the bowl that you have held.
Fm a

My rings last only short
a Fm
But I will make like yours.
G D
Cause time is all I have
a e
To chase you through the air.
